

WATERPROOF ABRASIVE PAPER

**Eagle Abrasives — The Name For Top Quality
Waterproof Abrasive Paper To Professionals...
They Outperform Similar Products From
Around The World!**

Since its inception in 1933, Kovax Corporation (Formerly Komatsubara Abrasives Mfg. Co.) has played a leading role in Japan's waterproof coated abrasives manufacturing industry by adhering to rigid quality control, constantly reinvesting in production facilities and conducting research in advanced technique. So it's no wonder that Kovax is now recognized as one of the most respected and reliable specialists in the line.

 **EAGLE**
ABRASIVES
Achieving quality through consistency.
Manufactured by Kovax Corporation, Japan.

EAGLE WATERPROOF ABRASIVE PAPER

ADVANTAGES:

EXCELLENT CUTTING POWER:

- Spectacular razor sharp cutting edge provides faster and cooler sanding.
- High cutting capacity of abrasive paper remains unchanged from beginning to end to help improve operation efficiency.

SUPERIOR BACKING PAPER:

- Exceptionally flexible backing paper (102- and 105- series), thus eliminating the need for “pre-soaking” in water.
- Anti-slip process on backing side to prevent slippage in manual hand sanding.
- Paper curling is minimal even when soaked in cold or hot water, soapy water or any lubricating liquid extensively, and it still remains easy to use.

HIGH DURABILITY:

- Durable backing paper combined with high performance all resin bonding which is designed to withstand tougher-than-usual jobs and to last longer.

SUPERB FINISHES:

- Coated with uniform, well-prepared abrasive grain to assure the best possible finishes.

QUALITY CONSISTENCY:

- Like all Eagle products, our Waterproof Abrasive paper’s strict quality control in the manufacturing process will provide you with maximum satisfaction on the most demanding job.

APPLICATIONS:

FLEXIBLE BACK - SILICON CARBIDE Part No. 101-, 102- (SFAC, SFCC).

- Primarily used by auto repair industry and automobile assembly plants where flexible back and high finishes are required.

FLEXIBLE BACK - ALUMINUM OXIDE Part No. 105- (KFAA).

- Extremely durable, recommended for wet sanding of primer-surfacer and harder sanding surfaces.

KRAFT BACK - SILICON CARBIDE Part No. 103- (SRCC).

- Standard production type paper for multi-purpose wet or dry sanding in a wide range of industries where stiff back paper is required.

SPECIFICATIONS:

Items	Order Number		Backing	Mfg.	Size
	Part No. +	Grit Range		Code	
Waterproof Sheets Silicon Carbide	101-	P60 - P120	Cw Flexible	SFCC	9" x 11" 230mm x 280mm
	102-	P150 - P2000	Aw Flexible	SFAC	
	103-	P60 - P2000	Cw Kraft	SRCC	
	131-	P400 - P2500★	Aw Flexible	SFAC	5 1/2" x 9" 140mm x 230mm
Waterproof Sheets Aluminum Oxide	105-	P120 - P2000	Aw Flexible	KFAA	9" x 11" 230mm x 280mm
