

STICKON PAPER

Eagle Finkat™ Stickon Paper is the most convenient available for the dry sanding process. It's Pressure Sensitive Adhesion backing provides quick application and removal from the sanding pad. Plus, it features the ability to utilize maximum sanding capacity of the abrasive paper.

High performance, all resin bonded Finkat Stickon Paper cuts faster, stays tougher, and finishes smoother every time. The unique packaging design not only maintains quality consistency, but also cuts down on unnecessary waste of materials to increase your bottom line – profits.

Achieving quality through consistency.
Manufactured by Kovax Corporation, Japan

FINKAT™ STICKON PAPER

ADVANTAGES :

- Finkat Stickon discs and sheets have individual release linings larger than the abrasives paper and therefore easy to use.
- Adhesive side always protected from dust and other hazards by the release lining. Stays 100% fresh until it is ready to use.
- Abrasive side and its clog-free coating are also protected at all times to maintain maximum performance.
- Discs always stay flat without curling. The last disc is as good as the first one to eliminate waste.
- Discs are always perfectly round to eliminate excess perforation tears which can cause damage to sanding areas.

CHARACTERISTICS :

- **SPEED:** Extremely sharp cutting power to reduce sanding time.
- **DURABILITY:** Resists clogging and provides cooler sanding, resulting in longer paper life. Quality won't be affected by weather conditions due to its all-resin bonding.
- **FINISH:** Always consistent and uniform, no deep scratches.
- **PERFORMANCE:** Excellent speed, superb finishes and effortless sanding have been realized on Finkat Stickon paper after extensive field tests.

FINKAT-PS: For those tough, demanding sanding jobs, use Finkat-PS Stickon Paper. It utilizes a premium abrasive mineral and a special bonding method for faster, tougher performance while still maintaining an excellent uniform finish.

SPECIFICATIONS :

Items	Size	Order Number Part No. + Grit Range		Backing	
Finkat Stickon Discs	5" Dia. (125mm)	651-	120-600	Aw	
		650-	40-100	Dw (40)	Cw (60-120)
	6" Dia. (152mm)	661-	120-600	Aw	
		660-	40-100	Dw (40)	Cw (60-120)
8" Dia. (203mm)	681-	150-600	Aw		
	680-	40-120	Dw (40)	Cw (60-120)	
Finkat Stickon Sheets	2 3/4" x 16 1/2" 70mm x 420mm	450-	40-120	Dw (40)	Cw (60-120)

Not all items available in all markets, please ask your representative for more details.
Other sizes, shapes and aspiration holes available upon request.

Use the regular resealable opening, or unzip the strip to open the package as shown above.

Discs stay flat so every disc is usable in the package.

Stickon Discs can be easily removed by gloved hands because the release lining is larger than the disc.
