

DRY SANDING ABRASIVE PAPER

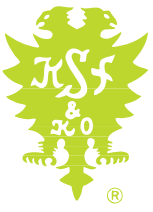

Excellent speed, effortless sanding, and a beautiful finish ... these are only a few of the qualities that make Eagle Dry Sanding Paper the top choice of professionals worldwide.

Whether it's the flexibility you need for manual hand sanding or the durability required by the orbital sanders, it's important that your abrasive paper meets the objectives of individual operation requirements. Eagle Dry Sanding Paper not only can satisfy the most demanding jobs in performance, but its superb finishes definitely bring pride to your finished product.

Achieving quality through consistency.
Manufactured by Kovax Corporation, Japan.

EAGLE DRY SANDING ABRASIVE PAPER

CHARACTERISTICS:

- **EXCELLENT CUTTING POWER:** Eagle Dry Sanding paper's all resin bonded sharp abrasive mineral firmly anchors to the backing so it will cut faster and cooler to achieve better efficiency.
- **MAXIMUM CLOG-FREE:** Coated with an advanced anti-clogging agent to free the abrasive paper from loading up. Friction is reduced, resulting in a cooler sanding and longer paper life.
- **SUPERIOR FINISHES:** Despite the paper's aggressiveness, you will be amazed by the uniform and shallow sanding pattern it leaves behind.
- **QUALITY CONSISTENCY:** The performance level stays very consistent throughout the life of the abrasive paper to maintain uniform finishes.

APPLICATIONS:

FINKAT DRY SANDING SHEET - Aluminum Oxide

- Part No. : 116- (KLAAM)

Has lightweight backing and is primarily used in manual dry sanding by hand where the most flexible paper is required for a wide range of applications.

- Part No. : 112-, 111-, (ULCAM, ULDAM)

Stronger kraft backing, from sanding-down body filler in initial and midway sanding of Polyester putty.

EAGLE DRY SANDING SHEET - Silicon Carbide

- Part No. : 115- (SLACM)

Suitable for both manual and machine sanding in various applications where a semi-stiff backing is required.

- Part No. : 114- (SLACM)

Aggressive cut and tough kraft backing which is used in a wide range of applications including finishing of Polyester putty and feather-edging.

SPECIFICATIONS:

Items	Order Number		Mfg. Code	Backing		Size
	Part No.	+ Grit Range				
Finkat Dry Sanding Paper	116-	150-600	KLAAM	Aw	Flexible	9" x 11" 230mm x 280mm
	112-	60-120	ULCAM	Cw	Kraft	
	111-	40	ULDAM	Dw		
Eagle Dry Sanding Paper	115-	150-600	SLACM	Aw	Kraft	3 2/3" x 9" 93mm x 228mm
	114-	120-180	SLCCM	Cw		
Eagle Dry Sanding Orbital Paper	213-	150-600	SLACM	Aw	Kraft	3 3/4" x 17 1/2" 70mm x 445mm
