

# TOUCH-UP FINISHING SYSTEM

## *Precision Tools, Uniform Abrasive Discs And Quality Polishes - Everything You Need To Improve The Productivity Of Your Top-Coat Touch-Up Finishing.*

Whether it's paint runs, dust or nibs, you can easily eliminate it with the Kovax 3501 Air Sander. Its double action imitates hand sanding stability and is easy to use. A full range of mini touch-up discs are available in either **Stickon** or **SUPER-TACK** backing which can also be used by mini hand pads. You may smooth it out with the equally lightweight Kovax 910-0301 Mini Air Polisher and Eagle Micro Finishing Liquid Compound, or for the ultimate finish, **Buflex-it** manually or with the Touch-Up Sander. For either method, Porex Super Polishing System is the perfect product to bring out that luxurious mirror finish in the final process.

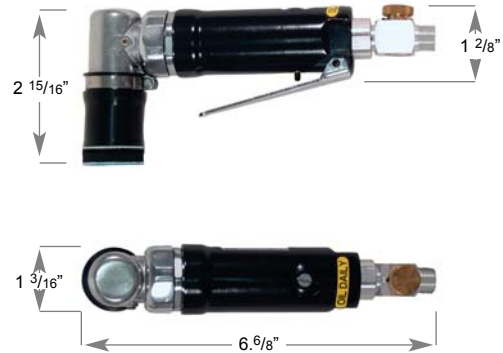

Achieving quality through consistency.  
Manufactured by Kovax Corporation, Japan

## KOVAX Touch-up Sander 910-3501

- Fast action (8,500 RPM).  
*Will not skid or jump even with light-contact on sanding surface.*
- Slim and lightweight (1.0 lbs) for easy handling.
- One-touch pad replacement.  
*Both **Stickon** and **SUPER-TACK** Pads are included.*
- Excellent for removing nibs, dust or sag (paint runs) on all types of painted surfaces.
- Light sanding on tight and narrow areas.
